MESSAGE

It gives me great pleasure to learn that the Federation of India Export Organizations (FIEO) bringing out a '**Delegation Brochure**' on the Occasion of "**Made in India**" Show in Dubai to be held from 8-10 June 2010.

Trade and cultural links between India and UAE have existed since long. Growing Indo-UAE economic and commercial relations contribute to the stability and strength of a rapidly diversifying and deepening bilateral relationship with both sides striving to further strengthen these ties.

Today, UAE is not only India's largest trading partner with total trade of over US\$ 48.3 billion but also one of the major investors in India. Both countries have excellent air connectivity with over 475 flights per week and UAE national airlines Etihad, Emirates, Air Arabia and Fly Dubai have a market share of over 64% of total flights operated in this sector.

Besides the trade and investment, UAE is home to big Indian community. The Indian community has played a major role in further fostering the cultural and economic relations between UAE and India.

I wish FIEO and the Made in India show and the participants in the show all the success.

Mohamed Sultan Abdalla Al Owais
